# The flipIT® Multi-Use Computer Desk

Now with metal base cabinets for great performance, economy and appearance.

Genuine flipIT® Convertible Workstations get the computer out of the way when text materials are needed more. Instantly flips into position with no wasted class time.

Laser cut metal detailing is an option that lets you customize your look. Feature your stylized logo or graphics into the modesty panel. Adds ventilation flow, too!

The flipIT Laptop Safe® may be installed for multi-use laptop computer classrooms. The L23 (shown) or L18 can be specified to accommodate the appropriate range of laptop sizes and power/data connections.

The flipIT Laptop Safe® may be installed on model 205 computer table legs as an alternate design.

# Specifications

SFI-362630-K19-LM

## Single flipIT Metal Desk, 36"

FI Series; Single flipIT Metal Desk; one FIK-19 flipIT rotating LCD display support system (Patent # 7,784,412) (holds 16:9 aspect ratio VESA compliant LCD monitor with case width up to 18.875"), flipIT lock optional; one 26" x 8" keyboard/mouse tray with integrated mouse fence and wire management pass through; CPU Rail on inside of desk back panel allows CPU Hanger placement anywhere along rail (rail is .75" x 1.5", order CPU Hanger separately); laser cut graphic pattern on outside of desk back panel optional; 1" x 1.5" steel wire management trough, wire management grommets on sides; MDF top finished with high-pressure laminate and edged in 2mm PVC, steel base powder coated in black textured, silver textured, or nevada beige; includes 1.5" diameter heavy duty steel floor leveling glides, locking casters optional; 36"W x 26"D x 30"H.

SFI-362630-K23-LM

## Single flipIT Metal Desk, 36"

FI Series; Single flipIT Metal Desk; one FIK-23 flipIT rotating LCD display support systems (Patent # 7,784,412) (holds 16:9 widescreen VESA compliant LCD monitors with case width up to 23"), flipIT lock optional; one 26" x 8" keyboard/mouse tray with integrated mouse fence and wire management pass through; CPU Rail on inside of desk back panel allows CPU Hanger placement anywhere along rail (rail is .75" x 1.5", order CPU Hanger separately); laser cut graphic pattern on outside of desk back panel optional; 1" x 1.5" steel wire management trough, wire management grommets on sides; MDF top finished with high-pressure laminate and edged in 2mm PVC, steel base powder coated in black textured, silver textured, or nevada beige; includes 1.5" diameter heavy duty steel floor leveling glides, locking casters optional; 36"W x 26"D x 30"H.

SFI-422630-K19-LM

## Single flipIT Metal Desk, 42"

FI Series; Single flipIT Metal Desk; one FIK-19 flipIT rotating LCD display support system (Patent # 7,784,412) (holds 16:9 aspect ratio VESA compliant LCD monitor with case width up to 18.875"), flipIT lock optional; one 26" x 8" keyboard/mouse tray with integrated mouse fence and wire management pass through; CPU Rail on inside of desk back panel allows CPU Hanger placement anywhere along rail (rail is .75" x 1.5", order CPU Hanger separately); laser cut graphic pattern on outside of desk back panel optional; 1" x 1.5" steel wire management trough, wire management grommets on sides; MDF top finished with high-pressure laminate and edged in 2mm PVC, steel base powder coated in black textured, silver textured, or nevada beige; includes 1.5" diameter heavy duty steel floor leveling glides, locking casters optional; 42"W x 26"D x 30"H.

## Double flipIT Metal Desk, 72"

FI Series; Double flipIT Metal Desk; two FIK-23 flipIT rotating LCD display support systems (Patent # 7,784,412) (holds 16:9 widescreen VESA compliant LCD monitors with case width up to 23"), flipIT lock optional; two 26" x 8" keyboard/mouse trays with integrated mouse fence and wire management pass through; CPU Rail on inside of desk back panel allows CPU Hanger placement anywhere along rail (rail is .75" x 1.5", order CPU Hanger separately); laser cut graphic pattern on outside of desk back panel optional; 1" x 1.5" steel wire management trough, wire management grommets on sides; MDF top finished with high-pressure laminate and edged in 2mm PVC, steel base powder coated in black textured, silver textured, or nevada beige; includes 1.5" diameter heavy duty steel floor leveling glides, locking casters optional; 72"W x 26"D x 30"H.

CPU-HANGER

## CPU Hanger

CPU Hanger; hangs from CPU Rail by a hook; fits CPUs 5.375-9.875" w, CPU Hanger is 16" d x 19.5" h. Available in black textured, silver textured, or nevada beige.

CPU-HANGER-GR

## CPU Hanger with Graphic Pattern

CPU Hanger; hangs from CPU Rail by a hook; fits CPUs 5.375-9.875" w, CPU Hanger is 16" d x 19.5" h. Available in black textured, silver textured, or nevada beige. Includes laser cut graphic pattern.

OPT-GR36

## Graphic Pattern, 36" desk

Add laser cut graphic pattern to back panel of 36" wide Desk

OPT-GR42

## Graphic Pattern, 42" desk

Add laser cut graphic pattern to back panel of 42" wide Desk

OPT-GR60

## Graphic Pattern, 60" desk

Add laser cut graphic pattern to back panel of 60" wide Desk

OPT-GR66

## Graphic Pattern, 66" desk

Add laser cut graphic pattern to back panel of 66" wide Desk

OPT-GR72

## Graphic Pattern, 72" desk

Add laser cut graphic pattern to back panel of 72" wide Desk
