**with 3M KD90  
Articulating Keyboard Platform**

Height adjustable in 4 positions  
within a 6" range.

3M KD90: Underdesk Articulating Keyboard Platform Height and tilt adjustable. Wide platform places mouse next to keyboard for less reach and added comfort. Precise optical mousing surface, full-width gel wrist rest and built-in cable management. Fits almost any keyboard. Endorsed by the American Physical Therapy Association. Manufacturer's lifetime limited warranty.
