The Great Divide

Designed as a temporary feature for existing furniture. Features a clamp mount system that requires clearance on the approach side of the table.

Select the size and quantity for your project. If your table depth is 24", choose 16 7/8"; if table depth is 26", choose 22 5/8"; if table depth is 30", choose 28 5/8".

Your table top thickness should be no greater than 30mm (1.18").

Clamp requires 1/2" overhang and access to knob. Frosted acrylic frameless design. 12" high.

Choose length based on table depth:

- 16 7/8" • 22 5/8" • 28 5/8"

Quantity:
